ABOUT ME

Detail-oriented Full Stack Developer with a Master of Computer Application and hands-on experience in Java-based web development. Proficient in building scalable backend modules, responsive frontends and database-integration applications. Strong foundation in object-oriented programming, database management systems, and problem-solving. Eager to contribute to software development projects and grow as a developer.

TECHNICAL SKILLS

Programming Languages: Java (Core & Advanced), JavaScript
Backend Frameworks & Technologies: Spring Boot, Spring MVC, Spring ORM, Hibernate, Java Servlets, JSP, JDBC
Frontend Development: HTML5, CSS3, JavaScript
Database Management: MySQL, SQL
Web Services & Tools: RESTful APIs, Apache Tomcat Server
Core Computer Science Concepts: Object-Oriented Programming (OOPs), Database Management Systems (DBMS)

INTERNSHIP EXPERIENCE

Jan 2026 – June 2026

Full Stack Developer Intern – TAP Academy

- Leveraged Java and JEE technologies to develop key backend modules for a web-based food application.
- Designed database schemas and implemented efficient CRUD operations utilizing JDBC and MySQL.
- Collaborated on frontend enhancement tasks using HTML5 and CSS3 to deliver user workflows.
- Gained hands-on expertise in industry practices including application testing and deployment on Apache Tomcat Server.

PROJECTS

Food Delivery Application | *2026*

Technologies: Java, Servlets, JSP, JDBC, JEE, MySQL, HTML, CSS, Apache Tomcat

- Engineered a full-stack Food Delivery platform featuring restaurants browsing and menu management modules.
- Built backend functionality using Java Servlets and JSP to ensure dynamic content delivery.
- Integrated JDBC and MySQL for robust data management and responsive UI design.

Hotel Room Booking System | *2025*

Technologies: Java, Servlets, JSP, JDBC, MySQL, HTML, CSS, Apache Tomcat

- Implemented user login functionality, room listing features, and an administrative dashboard panel.
- Connected frontend view components with the backend architecture to facilitate seamless database interaction.

NOTABLE ACHIEVEMENTS

- Solved 200+ problems on coding platforms, strengthening knowledge of Data Structures and Algorithms.
- Successfully developed a full-stack food delivery application on Apache Tomcat, managing end-to-end database integration.

EDUCATION

Master of Computer Applications (MCA) | Prof. Ram Meghe Institute of Technology and Research | *2024 – 2026* | **CGPA: 6.82**

Bachelor's Degree in Computer Science (B.Sc) | Arts, Science and Commerce College | *2021 – 2024* | **Percentage: 62.57%**
